

Curricular Processing Deadlines

Curricular Proposals

To ensure the deadline for final catalog copy can be met, a schedule of deadlines for university-level consideration of curricular proposals has been established. Colleges must advance proposals for university-level review by the following dates:

November 25, 2020	Health and Human Services, Professional Studies and Fine Arts
December 4, 2020	FAAS/CAA (formerly DAESA), Arts and Letters, Business, SDSU Imperial Valley
December 11, 2020	Education, Engineering, Sciences

It is the responsibility of the dean of each college to set deadlines within the college that will allow time for the college review and ensure that the deadline can be met for submission of proposals for the university-wide review.

Even if all goes well with a proposal, at least a year will elapse between the time a proposal is submitted and its appearance in the catalog. New courses may not be offered until they have appeared in the catalog.

Minor non-curricular catalog changes which are of an editorial rather than substantive nature require only the approval of Curriculum Services. All other changes require preparation of a formal proposal to be submitted through the appropriate channels via Curriculog. Proposals may be prepared throughout the year in Curriculog; however, submissions may only occur during fall semester.

Academic Master Plan

The deadline dates outlined above are for new courses, changes in courses, minors, emphases, concentrations, credentials, etc., and new degree programs that are included on the Academic Master Plan for San Diego State University.

Degree programs which do not appear on the San Diego State Academic Master Plan must be submitted to Curriculum Services no later than March 1 each year for consideration by the Academic Policy and Planning Committee and the Academic Resources and Planning Committee for inclusion on the master plan.

Proposals approved by the campus for consideration for inclusion in the master plan are forwarded to the Chancellor's Office in June or October each year and are forwarded to the Board of Trustees in January for action in March.

The format to use in submitting a request to include a new degree on the Academic Master Plan for San Diego State University is included in the Curriculum Guide.
